TASTING NOTE by Steven Spurrier

Vibrant purple red colour, crushed summer black fruits on the nose, a touch of spice with notes of violets, shows the warmth of ripe fruit on the palate and the lift of fruits well masks the 14.5 alc due to ripeness, while retaining and enhancing the fleshy exuberance of Grenache. Now through 2016. (**16.5 Points)**

Advisable dishes: Will go especially well with red meats, poultry, stews and cheeses.

Aging potential : It will evolve favourably in bottle during the next 5 –6 years

Wine Spectator 88 point

WINE ENTHUSIAST THE WORLD IN YOUR GLASS

The black cherry and blackberry flavors have a gumdrop character in this ripe red, but lively acidity and light, br tannins impart freshness. Herbal and licorice notes add interest
